¹ When done on an **inpatient** basis, Total Hip (27130) and Total Knee (27447) arthroplasties are reviewed for medical necessity of the procedure, as well as for place of service (POS). When done as an **outpatient**, prior authorization is **not** required from NIA.

- **Payment for procedures is contingent on the patient's eligibility and plan limitations, if any, at the time the service is delivered.**
- **Musculoskeletal surgery services rendered through the Emergency Department are not managed by NIA.**
- **NIA does not prior authorize or manage the facility precertification for musculoskeletal surgery services.**

NOTE: If any joint surgery is to be performed bilaterally on the same date of service, separate authorizations are required.
